

## Session Details: (Grades 1–2) Lego Robotics

---

### Session 4: (Grades 1–2) Lego Robotics

Students build new and different projects each week as they graduate from simple machines, to motorized mechanisms, to robotics with basic programming. They'll learn all about engineering principles such as gears, wheels, axles, levers, and pulleys. This class is as fun as it is educational!

This class will be taught by instructors from Parker Anderson Enrichment. For more specific information about this class, please contact [childcare@campbellhall.org](mailto:childcare@campbellhall.org).

Tuesdays: April 8–May 20 (7 classes)

- April 8,15,22,29
- May 6,13,20

Time: 3:00–4:00 p.m.

Fee: \$245.00

Maximum class size 20

There will be no make-ups or refunds for missed classes.
