

(Kindergarten) KODELY: Lego Design Thinkers

"Unleash creativity through hands-on design and engineering!" Young innovators will dive into the world of design thinking using LEGO bricks to solve real-world challenges. Through playful exploration, students will learn to brainstorm, prototype, and refine their ideas while building creative solutions. From designing bridges and towers to crafting moving mechanisms, they'll develop problem-solving skills, teamwork, and a deeper understanding of engineering principles—all while having fun with LEGO! There will be no make-ups or refunds for missed classes.
