

Session 2: (Gr. 3–6) Design Challenge Engineering

What is Design Challenge Engineering? It's a combination of project-based learning, design thinking and the engineering design process that develops the innovator's mindset through iteration. This session will incorporate learning and fun with potential real-world challenges. As students work through their engineering design challenges, they will have the opportunity to build problem-solving, teamwork, communication, and creative-thinking skills.

Tuesdays: (8 sessions)

- November 5, 12, 19
- December 3, 10, 17
- January 7, 14

4–5 p.m.

Fee: \$280

Maximum class size: 16 students

Instructors: Linda Savage and Amanda Dye
