

Session 2: (Gr. 5–6) Life Drawing

This program provides a space for art loving students to practice drawing and build confidence. Students will study human proportions and body parts through observational drawing. We will also cover value, tone and composition. We will use traditional mediums such as pencil and charcoal as well as the iPad program Procreate. We will introduce students to drawing fundamentals and techniques in drawing from observation using still life and live models. We will look at examples from professional artists who use drawing in their practice.

Wednesdays: (8 sessions)

- November 6, 13, 20 (no class 11/27)
- December 4, 11, 18 (no class 12/15)
- January 8, 15 (no class 1/1)

3:30–4:30 p.m.

Fee: \$280

Maximum class size: 12 students

For more specific information about this class, please contact Mr. Javon'e Williams, williaj@campbellhall.org.
