Robots After-School Program - 2023-2024

Lego Robotics
Students build new and different projects each week as they graduate from simple machines, to motorized mechanisms, to robotics with basic programming. They'll learn all about engineering principles such as gears, wheels, axles, levers, and pulleys. This class is as fun as it is educational!

Session 1
Tuesdays, 2:45-3:45pm, (7-week session)
September 12-October 24 (no class on October 31)
Fee: $245
Open to: Grade 1-2

This class will be taught by instructors from Parker Anderson Enrichment. For more specific information about this class, please contact Jan Weiss at weissja@campbellhall.org.
